**SAFETY:****Housekeeping:**

One of the easiest ways to prevent accidents is to maintain a neat and orderly job site. Professional roofing crews take pride in maintaining a clean work site.

- Materials must be neatly stacked and placed away from foot traffic
- Materials and equipment must not be stored within 6 feet from the edge of the roof
- Tools and equipment must be put away after use
- Where necessary, wheels on rolling equipment should be blocked
- Trash and scrap are fire hazards and must be collected and disposed of immediately
- All flammable liquids must be stored in approved safety cans
- Nails and hidden debris must be cleared from all areas; especially hidden in the bushes and trim around the edge of the roof area
- A clean site tells your client you care about them

**We Are Still Hiring Good People In All Fields.**

We are seriously looking for good people to fill our teams in roofing, carpentry, framing, Sheetmetal fabrication, decorative welders and more. We prefer to hire those that you know as they are more likely to fit the team. We will train, but prefer skilled, experienced tradesmen. Applications are available online or at the front desk.

## WORDS FROM DOS:

### DEFINITION OF *TEAM PLAYER*;

: someone who cares more about helping a group or team to succeed than about his or her individual success

When interviewing job applicants, I ask these questions:

1. Do you get along with others?
2. Do you have the ability to work with others?
3. Are you a team player?

We are a team of 50 players.  
 When our team wins - you win.  
 When our team loses - we all lose.

Learn to be a better team player:

1. Do your best for the team and be reliable.
2. Submit to the coaches and adapt quickly.
3. Let others shine - give the credit to your team mates.

## Thank you for joining our team!

### REMINDERS:

For those who are working on the ground; please be extra careful. With

our new spec- homes going up, there are many unexpected dangers. It is the season that creepy-crawlers are out and defending their young—they are extremely unpredictable. Between scorpions and venomous snakes, we need to be very consciences of our surroundings. Be Careful; Be Watchful!

## JOB PICTURE OF THE WEEK

Jim Wilford takes the \$10.00 award this week with this selfie of himself either trying to impersonate the working crews or defeat the aliens and the government conspiracy.

We love your sense of humor Jim. The job wouldn't be the same without you.
